Swiss-AS Training – Course Description
Quotation Management for Component Shops

Master the AMOS Quotation Manager: Precision, Speed, and Compliance
Turn the daily task of generating quotes into a competitive advantage. The AMOS Quotation Manager empowers component shops with extensive options for flexible pricing, detailed content configuration, and the quick, easy integration of contractually agreed terms and conditions. This course is ideal for anyone whose role involves developing and administering cost estimates.

Course Objectives

Upon completion of this course, you will be able to:

- ✓ Create contracts, financial projects and pricing conditions
- ✓ Create and manage Quotations for Shop Maintenance
- ✓ Import and use contractual conditions
